

FREE ICT SEMINAR 2010

Each seminar your school attends will have a chance to win!

AISCORP cordially invites you and your ICT team to see the free seminar: 'The Latest in Technology' for Schools!

You will hear from the Ministry of Education, the Schools themselves and vendors such as IBM, Lenovo, Allied Telesis and VMWare.

See live product demos and technologies in action for Schools!

You will also meet your peers from other Schools and have the opportunity to discuss your needs and future potential.

We will show you how to make your \$ go further.
