

Local Government Superannuation Trustee Ltd

Elmar Gailitis
Managing Director
Aiscorp
Wellington

To Whom It May Concern

We engaged and appointed Elmar Gailitis as Project Manager for the development of a new website that was to be developed to promote and service our new superannuation scheme, SuperEasy.

This required being able to interpret complex technical information that had to maintain a stringent legal compliance regime; to be presented in an easy, accessible, informative manner. We also had to set up a maintenance program that would allow for the regular update of the site allowing members personally protected access to their account balance on an ongoing basis.

This was a completely new scheme and much of the design aspect was unfolding and changing at the same time as the development of the website was being produced. This brought additional challenges which Elmar successfully managed to the satisfaction of all stakeholders.

We were delighted with the result. Elmar successfully achieved this by continually demonstrating his professional maturity, integrity, wisdom, technical leadership and project management experience throughout the project resulting in an end product that exceeded all our expectations

I would have no hesitation in recommending Elmar to any future employer who was wishing to engage his services.

Ian Brown
Superannuation Manager
